SECTION 4: EMPLOYER CERTIFICATION

I declare and affirm under penalty of perjury that the statements and information made herein are true and correct to the best of my knowledge, information and belief. I understand that the law provides severe penalties for knowingly and willfully falsifying or concealing a material fact, or using any false document in the submission of this form.

I certify on behalf of the employer that this Training Plan for STEM OPT Students ("Plan") is approved and that:

1. I have reviewed and understand this Plan, and I will ensure that the supervising Official follows this Plan;
2. I will notify the DSO at the earliest available opportunity regarding any material changes to this Plan, including but not limited to, any change of Employer Identification Number resulting from a corporate restructuring, any reduction in compensation from the amount previously submitted on the Plan that is not tied to a reduction in hours worked, any significant decrease in hours per week that a student engages in a STEM training opportunity, and any decrease in hours below the 20-hours-per-week minimum required under this rule;
3. Within five business days of the termination or departure of the student during the authorized period of OPT, I will report such termination or departure to the DSO (*Note: business days do not include federal holidays or weekend days; and an employer shall consider a student to have departed when the employer knows the student has left the practical training opportunity, or when the student has not reported for practical training for a period of five consecutive business days without the consent of the employer*); and
4. I will adhere to all applicable regulatory provisions that govern this program (*see 8 CFR Part 214*), which include, but are not limited to, the following:
 - a. The student's practical training opportunity is directly related to the STEM degree that qualifies the student for the STEM OPT extension, and the position offered to the student achieves the objectives of his or her participation in this training program;
 - b. The student will receive on-site supervision and training, consistent with this Plan, by experienced and knowledgeable staff;
 - c. The employer has sufficient resources and personnel to provide the specified training program set forth in this Plan, and the employer is prepared to implement that program, including at the location(s) identified in this Plan;
 - d. The student on a STEM OPT extension will not replace a full- or part-time, temporary or permanent U.S. worker. The terms and conditions of the STEM practical training opportunity—including duties, hours, and compensation—are commensurate with the terms and conditions applicable to the employer's similarly situated U.S. workers or, if the employer does not employ and has not recently employed more than two similarly situated U.S. workers in the area of employment, the terms and conditions of other similarly situated U.S. workers in the area of employment; and
 - e. The training conducted pursuant to this Plan complies with all applicable Federal and State requirements relating to employment.

Note: DHS may, at its discretion, conduct a site visit of the employer to ensure that program requirements are being met, including that the employer possesses and maintains the ability and resources to provide structured and guided work-based learning experiences consistent with this Plan.

Official's Email:	Official's Phone Number:
<p>Note: for the remaining fields in this section, employers who already have an internal/pre-existing training plan in place may fill in the details based on that plan.</p>	
<p><u>Student Role:</u> Describe the student's role with the employer and how that role is directly related to enhancing the student's knowledge obtained through his or her qualifying STEM degree.</p> <p>School life is one of the most formative and cherished phases of a person's journey, shaping character, knowledge, and relationships. It is not merely a place for academic learning but a foundation for lifelong growth. From the early years of curiosity to the later stages of self-discovery, school provides a structured environment where students develop intellectually, socially, and emotionally. It introduces them to core subjects like mathematics, science, language, and history, equipping them with essential skills for future careers and informed citizenship.</p> <p>Beyond academics, school fosters personal development through extracurricular activities such as sports, music, debates, and drama. These experiences nurture teamwork, leadership, creativity, and confidence. Interacting with peers from diverse backgrounds teaches tolerance, empathy, and communication skills. Teachers play a pivotal role, acting as mentors who inspire, guide, and instill values like discipline, integrity, and perseverance. The daily routine of attending classes, completing assignments, and preparing for exams builds responsibility and time management.</p> <p>School also serves as a safe space for making mistakes and learning from them. Friendships formed during this time often last a lifetime, built on shared experiences, challenges, and joys. Whether it's participating in annual events, celebrating festivals, or simply spending time during breaks, these memories create an emotional connection that many cherish long after graduation.</p>	
<p><u>Goals and Objectives:</u> Describe how the assignment(s) with the employer will help the student achieve his or her specific objectives for work-based learning related to his or her STEM degree. The description must both specify the student's goals regarding specific knowledge, skills, or techniques as well as the means by which they will be achieved.</p> <p>School life is one of the most formative and cherished phases of a person's journey, shaping character, knowledge, and relationships.
